

## Willow Brook Accessibility Plan 2016/17

### Rationale

The Equality Act 2010 replaces previous discrimination law and provides a single piece of legislation covering all the types of discrimination that are unlawful. Schools and Local Authorities have to carry out accessibility planning for disabled Students. The duties are the same as those in the previous Disability Discrimination legislation and have been replicated in the new Act. The approach of the school to meet the provisions of the Equality Act 2010 is set out fully in the Single Equality Policy. The definition of disability under the law is a wide one. A disabled person, as defined under the Equality Act 2010, is someone who has a physical or mental impairment that has a substantial and long term negative effect to do normal daily activities. If a person has been disabled in the past they are still covered by the legislation for the rest of their life.
